Over black frame: "Long Days Of Vengeance" by Morricone

"He who seeks revenge should remember to dig two graves."

- Chinese Proverb

INT. CHERRY RED BENTLEY, BACKSEAT -- NIGHT.

It's pissing rain in buckets outside. A chauffeur in a black overcoat ushers a wet young woman into the back seat of a Cherry Red, 1952 Bentley. She settles her soaking wet body into the white leather seat. The door closes.

A woman in silhouette sits in front of her, she is as still as a gargoye statue.

Then a silver zippo lighter with the emblem of a California Mountain snake washes out the murk to reveal the aged face of Elle Driver, her eyes covered in white glasses, with dark frames.

She smirks as she lights up her cigarette.

ELLE DRIVER

How long has it been my sweet,
little Nikki, since you last saw
her face...? Ten. Ten years - since
the killing of your precious
mother.

FLASH ON

INT. VERNITA'S HOME -- NIGHT.

Little Nikki sees Bea's SOG knife being pulled out of Vernita's chest.

Hold on Nikki's little eyes filled with tears and white blind, hate for the Blonde Amazon who walks past her...

Hold on Nikki's little clenched fist.

NIKKI (O.S.)

All the old knives That have rusted
in my back, I will now drive into
yours.

EXT. GRAVEYARD -- NIGHT.

The Bell family including little Nikki watch Vernita's coffin fall into mother earth's womb.

CUT TO:

EXT. SOUTH AMERICAN JUNGLE -- DAY.

Beatrice is hiking by herself. Cutting her path with a machete through thick shrubbery.

She is blinded by a silvery flash. She falls and tumbles on the floor. She spits dirt.

Beat. In blindness. A voice permeates the silence.

ELLE DRIVER
Hello, Kiddo...

BEATRIX
(in a whisper)
Elle.

FLASH ON --

Elle's eye is plucked out in Budd's beat to shit trailer home.

CUT TO:

-- Elle in stark white fatigues jumps off the ground - springs off against a tree as she swings down her Hanzo sword down at Beatrice --

Beatrice rolls out in the nick of time.

Elle stands frozen like a statue with a smirk.

She stands HEARING the sound of the elements.

ELLE DRIVER
Just like old times, ain't it? --

Beatrice flings the machete with both her hands --

Elle Driver hears the blade cutting air. She deflects it with her Hanzo sword and laughs.

ELLE DRIVER
You're gonna have to do a lot better than that, Kiddo.

Shaw Brothers zoom into the eyes of Kiddo --

(CONTINUED)
